ABOUT US

Our clients are spread evenly throughout the country, highly satisfied with our products' premier design and effective performance. The dedicated team at Iceberg ensures the reliability, adaptability and versatility of our products always stays above par for our users.

Iceberg has been working for years now in the manufacturing of chillers, water coolers, and dispensers. We offer supreme quality and skilfully engineered water cooling systems throughout Pakistan.

OUR VALUES

DEDICATION

We believe in going the extra mile for our clients. Our entire team works like a family to achieve the results our customers expect in our products. This zealous effort and the commitment towards our clients make us perform better each time.

CRAFTSMANSHIP

From the raw materials to the final finish, our entire process is of pure master-class. We take great attention to detail and make sure our testing phase diminishes all the flaws, delivering a complete solution without any issues for our clients. For years, our meticulous work ethic has kept our products operating for long-runs in both residential and commercial settings.

TRUST

Whether in business or in personal life, trust is what we all lean on. At Iceberg, our clients trust our work and the end-products we provide. We have delivered quality results over and over, and have made our customers feel proud of us.

LOYALTY

At Iceberg, loyalty goes both ways. We value our customers and provide them with discounts, rewards, and all forms of cooperation to thank their belief in us. In return, our clients are our brand ambassadors, using their word-of-mouth get their family and friends to experience the enthralling experience at Iceberg.

Refresh, Hydrate, Repeat!

Horizontal Storage Type Water Chillers

20 LITER | 40 LITER

IB-01

Model: WC-H100

- 💧 20-Liter Storage
- 🏠 W-36", H-27", D-21"
- ❄️ Type of Chiller: Horizontal

Model: WC-H200

- 💧 40-Liter Storage
- 🏠 W-36", H-27", D-21"
- ❄️ Type of Chiller: Horizontal

Core Features:

- Auto On-off Indication
- Imported New Compressor
- Galvanized Sheet Fully Die Made Body
- Water Connection Line 1/2"
- Water Tank: Storage Type
- Pre-installed Temperature Controlling
- Polyester Powder Coating
- Cooling Coils 100% Pure Copper Tubes
- Dedicated Delay Timer in the Electronics Card to Protect the Compressor
- Water Tank - Easy to Clean
- Water Tank Fabricated with Stainless Steel 304
- Heavy-Duty and Shock-Resistant Body
- Pakistan's First Water Chiller with Advanced Programmable PCB Electronic Circuit.
- Operates on 220/240 Volts, 50 Cycles, Single-Phase AC Supply
- Factory-Direct Purchase at the Lowest Price
- Heavy-duty galvanized sheet for outer body durability
- Made in Pakistan

Revive, Replenish, Repeat!
